VOLUME 13, NUMBER 22.

WRANGELL, ALASKA, THURSDAY, MAY 28, 1914-

\$2.50 PER YEAR, 10c. PER COPY

## New Steamer On River

The new river steamer "Vadder" arrived up from the south last Friday. The new steamer is a fine looking little stern wheel steamer 87 feet long with a beam of 16 feet and with the high power engines in her should have no trouble in going up the river. The Vadder was formerly used in conjunction with a ferry on the upper Frazier River in British Columbia and was brought from the Frazier by Capt. A. C. Good, who returned to Vancouver on the Princess May. On board the Vadder on her trip up was Mrs. J. T. Henley, wife of the Engineer and part owner of the steamer, and enjoys the destination of being the first white woman to make the trip from the Frazier River to the headwaters of the Stikine on a sternwheel river boat. The steamer was 15 days on the trip up, the cause of the delay all along was not getting fresh water for the boilers.

The steamer left on her first trip up the Stikine last Saturday night and carried a good load of freight. The passengers on her for Telegraph were Lord Beauclera, Finley Mitchell, Wm. Mitchell, James Pendergast, Wm. Gaster and Alex McClennan.

Tom Case has added a fine line of fruit to his Ice Cream store this last week.

## Admiral Evens Smashes Wharf

The Admiral Line steamer Admiral Evens called in this afternoon to let off P. J. Gorman of the Shakan Cannery. According to Mr. Gorman, who boarded the vessel at Ketchikan, the steamer smashed into the Ketchikan wharf last night and wrecked it. It seems that as it was pretty dark and a hard rain was falling that the Captain let the vessel get closer to the wharf than he thought he was and upon discovering his position he immediately signaled for full speed astern and in some way the order was mistaken and the engines started full speed ahead, smashing bow on in to the middle of the Strong wharf and the vessel was not pulled up until she had entered the wharf office. The services of several cross-cut saws had to be called in to use to cut the piling away before the vessel could be loosened from her dangerous position. The vessel is proceeding north with the exception of a lot of paint missing looks little the worse for the accident.

A broom costs \$2.00 each in the Chisana country.

The Worthen lumber mills, at Juneau, have been improved and the capacity increased to 45,000 feet of lumber per day. It is estimated that the season's cut will aggregate 6,000,000 feet.

## Council Help High School

At a special meeting of the Town Council last Monday evening a petition from the school board was read asking for the Council to make an appropriation for the maintenance of the high school next year, after this was read a motion was placed before the meeting by Councilman Albrecht and seconded by Councilman Tate, 'that the Town Council guarantee the sum of \$40 per month during the school season for the maintenance of the High School, and in case of there being a surplus at the end of the term it shall be returned to the general fund of the city.' Ole Johnson, chairman of the water committee, reported that the plan for the draining of the excavation of the dam site had been changed so that the place could be sluiced out instead of having to be shoveled out by hand.

## Winifred Leaves For Telegraph

The river boat Winifred left for Telegraph last Saturday morning. She had a good load of freight and one passenger for that place Mr. Mariatt, for J. Hyland taking passage on her.

Subscribe for the Sentinel.

## Next Saturday Memorial Day

The Committee on the Program for Memorial Day has prepared the following program for Memorial Day next Saturday. All those who wish are invited to go over to the grave yard there will be plenty of boats for all, leaving the dock at 3:30 P. M. All the children in town are requested to be on hand with all the flowers they can carry, the children will scatter flowers from the boat on the way to the cemetery. Memorial Service will be held in Red Men's Hall at 8 P. M. in the evening:

Opening-Song by Audience.  
Prayer-Rev. Clark.  
Introductory Address-Mr. Gray.  
Music-Orchestra.  
Address-Rev. Corser.  
Quartette.  
Music-Orchestra.  
Recitation-Mrs. Thurston.  
Closing-"America" by all.

## Strike On At Forrester Island

News was brought over on the Uncle Dan this trip to the effect that there is a bad strike on among the fisherman at Forrester Island. The price which has been paid for some time is 30c for whites and 50c for small reds, what the price for which the fishermen are striking we could not learn but it is believed to be considerable more. The present time is a very bad one for the trollers of that section to strike as there is such a quantity of fish and so few buyers.

## Has Trip To Leconte Glacier

The Editor and wife, together with Mrs. Uhler, Miss Lovejoy, Miss Drowatsky, Ernest Campbell, and Knut Amundson were given a great treat last Sunday in the shape of a trip to Leconte Glacier, one of the greatest beauty spots in Southeastern Alaska, by Richard Hofstad on his gas boat Helen. The party left Wrangell at midnight Saturday catching the tide to Ideal Cove and going over to the Glacier Sunday morning. Although the weather was not what it might have been, the beauty of the trip made that unnoticeable and anyone who has not seen this beautiful field of ice should not miss their chance to make a trip over there.

## Bright Outlook For Interior

Lord Beauclera, Finley and Wm. Mitchell, three of the big mine owners of the Dease Lake country came up from the south on the Princess May last trip. These men are all heavily in that country and each one has a very bright outlook for the future of their district.

## River Steamer Hard Trip

Fred Bronson came in from the boundry yesterday morning and reported that the river steamer Vadder reached the boundry last Sunday afternoon and loaded on seven horses and left again Monday for Telegraph. Fred says the steamer was having considerable trouble keeping up steam with the wet wood, as it was almost impossible to keep a hundred pounds of steam when she should carry nearly two hundred pounds. He also stated that the Winifred broke the air valve on the engine near Andrews Creek and had to lay there a day while it was being repaired, she passed the boundry Monday evening everything going fine.

## Steamers This Week From The South

The steamers to arrive from the south during the next week are the Thomas L. Wand, May 28.  
Alki, May 29.  
City of Seattle, May 30.  
Jefferson, May 30.  
Alameda, June 2.  
Dolphin, June 2.

The announcement of John W. Troy's candidacy for delegate to congress is made by the Valdez Commoner.

## Sanitary Cannery Getting Ready

The work of getting the local Sanitary Cannery ready for operation is progressing along in first class shape. Formerly the cannery had two lines of machinery, one for talls and the other flats. The one for flats has been remodeled so this year the cannery will work two lines of talls making the output of the cannery much larger. Mr. Barnes of the Company states that they expect to pack between 30 and 40 thousand this season. The company aim to use as much Wrangell help as can be obtained but at present according to the manager the prospects look small as they can get but few who can to work for the whole season. To make up the crew which they cannot secure here the company are bringing up fifteen negroes to work on the fish floor and are expected to arrive on the next City of Seattle and then latter 12 high school boys will be used to fill out in the cannery. Mr. Barnes stated that he expects the fish to start about the fifteenth of next month and by that time the cannery will be in first class order.

Where is our Fourth of July Committee? It is not long now until the Fourth and if Wrangell is going to have a celebration now is the time to get busy and lets have a good one while we are at it.

## LOCAL BRIEFS

H. J. Palmer, Notary Public. Legal papers drawn. Office at St. Michael Trading Co.

H. F. Engelbrecht of the Oliver Typewriter Co. was in town a few days this week.

Miss Leona Lindman has accepted a position behind the soda fountain at Billy Hoods.

Rev. H. P. Corser returned on the Spokane from Ketchikan where he went to hold services last Sunday.

Martin Enge and wife, and Miss Emely Ashland arrived over from Petersburg last Monday evening.

Mr. and Mrs. Waughn the cook for the colored crew at the Sanitary Cannery, arrived up on the Spokane.

F. E. Smith, of the Wrangell Shingle Co. returned on the Jefferson last Saturday from a business trip to Juneau.

Mrs. John Mulver and baby of Petersburg, came over on the Dolphin and will spend the next six weeks in Wrangell.

Civic Improvement Club meeting, for election of officers, at the City Hall, 3 P. M. Friday, May 29th. Important.

Mrs. Geo. H. Barnes arrived up on the Spokane last Monday. Mrs. Barnes has spent the winter in southern California.

N. Nussbaumer after being laid up for a couple of weeks with blood poison is back at his old position at the saw mill.

C. C. Harris and wife of Santa Ana came in last Tuesday. Mr. Harris reports the can making is going along fine.

The Gussie L. will tow the Sales pile driver to Juneau next week. The driver is leaving under the care of Bob Royalty.

John W. Stedman the reliable traveling man was in town a few days this week in the interest of several Portland houses.

Mrs. H. J. Palmer was a passenger south on the last Alki for a six week trip visiting in the Sound cities and Portland, Ore.

Miss Lovejoy, teacher of the high school, is a passenger south on the Princess May. She will spend her vacation at her home in Seattle.

Mrs. C. A. Emery and son were passengers south on the Princess May last Sunday evening. Mrs. Emery is on her way to San Francisco.

If you are going to plant a garden this spring and want to get some good seeds you can have a package at the expense of the government by calling at Fallons Barber Shop, as N. J. Svindeth received a large sack of assorted seeds from Delegate Wickersham on the last boat for free distribution.

An eight pound girl was born to Mr. and Mrs. Armstrong at the Wrangell Hospital on May 15. Mr. Armstrong is an employ of the Pt. Ward Cannery.

Fred Wigg launched his new seine boat last Wednesday morning from the Fletcher Boat Shop. The new ship is a dandy and took the water like a bird.

O. A. Brown of the Alaska Sanitary Packing Co. is making a flying trip to Seattle on the City of Seattle. He expects to return on the same steamer.

Dr. Dawes took a party of traveling men on a little fishing trip to Pats Creek last Tuesday on the Tonic. They report a mighty good time and lots of fish.

H. C. Robb, advertising man for the Pacific Coast Milk Co. was in town a few days this week advertising the famous "Carnation Milk from Contented Cows."

Geo. H. Hambright, representative of the Winchester Repeating Arms Co. was a caller in the city for a few days this week in the interest of his company.

W. G. Benawa, M. D., formerly of Douglas, Alaska, came down on the Dolphin yesterday on his way to Craig where he will start practicing his profession.

Mrs. W. C. Waters and Miss Isabelle Hill arrived on the Spokane last Monday from the south. Mr. Waters accompanied them as far as Ketchikan where he stopped off on business.

Earling Strand, a nephew of Peter Summers, killed a large black bear over near dry Straits on the 20th of May. The bear was notable on account of the size measuring 12 feet.

"Speedy" McCluchen was a passenger on the Mariposa on his way to Valdez. Speedy will spend the summer working at the LaTouche mine where they are building a large concentrator.

F. E. Candon, wife and son, arrived up from Seattle on the Spokane Monday evening. Mr. Candon is an old timer to Wrangell having lived here several years ago. Mr. Candon and family are on their way to Holbrook for the summer.

Nettie Prescott the little daughter of Mr. and Mrs. M. Prescott, met with a very painful accident last Tuesday afternoon when she jumped off the porch at her home and bit her tongue very bad. Dr. Shurick attending reports her getting along fine.

The Will of Wm. Cook, deceased was presented and entered probate last Monday. By the Will Mr. Cook left everything to Mrs. Kuse. The executors named in the Will are Donald Sinclair and L. M. Churchill and both qualified Tuesday.

"Dad" Watson launched his new boat last week. The boat is one of the finest looking boats we ever saw for river or any shallow water. The boat is an entirely new model, figured out by Mr. Watson, being a tunnel boat, and is all built of strips. The boat is about 25 feet long with a 6 foot beam. Mr. Watson has spent a years work on the boat.

Fremont King, the well known manager of the Tongass Trading Co. of Ketchikan, was married to Miss Margaret L. Witt at Marshfield, Ore. on the 20 of May.

N. J. Svindeth recently received 25 copies of the April number of Munsey's Magazine which contains a very good description of Alaska in general and is well worth your time reading. The remaining copies are to be had at Patenaudes so if you did not get to read one call and get a copy. The magazines are sent out with the compliments of our Delegate James Wickersham.

Frank Clarke came in from Lake Bay yesterday for medical treatment the result of a rafter falling on his head and cutting quite a gash. Frank has been working for some time on the new wharf and warehouse and it is nearing completion as far as the rafters which they were placing in their places, Frank being on the ground had just raised one to the roof when the man pulling it up let go and it fell striking him on top of the head. The wound was dressed as well as possible and is improving very fast under the care of Dr. Dawes.

The Fairbanks fire department is now equipped with a fire net, which was taken in over the ice. It was ordered by the council immediately after the disastrous Third avenue hotel fire last winter.

A man arrested and thrown in jail for preaching on the streets of Juneau, claims that he got religion in that town seventeen years ago. We don't believe it.—Douglas News.

Backward, turn backward, O Time! in your flight; give us a girl with skirts not so tight; give us a girl whose charms, many or few, are not exposed by too much peek-a-booo; give us a girl, no matter what age, who won't use the streets for a vaudeville stage; give us a girl not too sharply in view; dress her in skirts the sun can't shine through. And give us the dances of days gone by, with plenty of clothes and steps not so high; put turkey trot capers and buttermilk slides, burdy-gurdy twists and grizzly bear glides and other such bunny-hugs all on a level as products of hell inspired by the devil; and let us feast our optics once more on the pure sweet woman of the days of yore. Yes, Time, turn backward, and grant our request, for God's richest blessing, but not undressed.

## Frank Olson Passes Away

Frank Olson, one of the well known figures of Wrangell, passed away at his home in the lower end of town at 8 A. M. last Monday morning, and was buried yesterday afternoon in the local cemetery. Frank Olson was born at Hernosand, Sweden, was 55 years of age, and has been a resident of Wrangell for about eight years, coming here from Seattle. For the past year Mr. Olson has been suffering from cancer of the stomach and has been very low for some time. The deceased has a brother living somewhere near Chicago and a sister in Sweden, with whom Mr. A. Engstrom is trying to get in communication to notify them of their brother's death. The deceased has always been known as a kind and considerate gentleman and held in very high esteem by all who knew him.

Capt. Bruhn of the Northland reports that he recently found a rock near where the Curacas struck which is only 17 inches below water at low tide. The rock is 150 yards long and about 50 yards wide and it is a wonder that no vessels have struck it up to this time.

## Resolution Of Condolance

WHEREAS, The Great Spirit of our Universe has called from our Hunting Grounds our esteemed Brother, William Cook, and

WHEREAS, We shall miss him at the Council Fire of our Tribe, and will no longer be benefited by his brotherly words and generous deeds which have ever characterized him as a loyal Redman, an honored Brother and an earnest worker for our order, therefore be it

RESOLVED, That we, as members of Stikine Tribe No. 5, I. O. R. M. extends our heartfelt sympathy to the bereaved daughter and co-worker and also the brother and sister of our deceased Brother. And be it further

RESOLVED, That our charter be draped in mourning for the period of one Moon; That a copy of these resolutions be spread upon the Records of our Tribe; That they be published in the Wrangell Sentinel and a copy of same be presented to the daughter of our deceased Brother.

J. E. WORDEN,  
H. J. PALMER,  
Committee on Resolutions.

## Card of Thanks

I wish to acknowledge the Kindness shown me, but words are weak and he who wrote "the pen is mightier than the sword" was not of love or gratitude.

Wm. Cook has passed into Eternal Life. The friends sympathy, the Red Mens faithful watch every hour to the end even to the last spade of earth was placed by a brothers hand.

Where are the words to express what I feel? Dr. Dawes' sympathy, comfort and protection in the last days and hours can only be felt in the depths of my soul and the veil cannot be lifted by a word. No pomp could linger in the mind of man like the strong wave of love that surrounded My Daddy Living and his Laying away at rest.

Kate Cook Kuse.  
Geo. W. Kuse.

## School Report For Term

Following is a report for the schools for the term of 1913-14, submitted to us by Miss Drowatsky.

Total number enrolled - 95  
Total days present - 14,773.5  
Total days absent - 379.

Average daily attendance - 81.6

Pupils neither tardy nor absent during the year:

Belle Walton,  
Arnold Ronning,  
Vernon Meyers,  
Belle Hood,  
Helen Hofstad.

## Marshal Grant Is Reappointed

W. D. Grant received a communication last week from the new United States Marshal Harry A. Bishop that he had been reappointed to fill his position as Deputy here at Wrangell. This is indeed good news and very agreeably received by every one in town, and we know that Mr. Bishop did not go wrong in his reappointment of Mr. Grant as no outsider could fill the bill as Mr. Grant can after being a resident of Wrangell and a man most interested in her welfare.

## Hadley Mine Will Open Soon

The Spokane called in at Hadley on the last trip to leave off a party of men who will get the old mine at Stevenstown in working order. And several tons of coal. It is thought that the mine will be running before the season is over.

## Well Known Alaskan Visiting Town

W. D. McLeod, wife and family came over from Howkan on the Uncle Dan, Mr. and Mrs. McLeod are among the most prominent figures on the West Coast having resided in Alaska for 35 years. They will spend a couple of weeks in Wrangell.

## Several Persons For Telegraph

Several persons arrived up on the Spokane last Monday on their way to Telegraph and are now registered at the Wrangell Hotel waiting for the river steamer. They are J. M. Lillan, W. Duncan, J. W. L. McCraucy, W. Lancy, K. Kamiya, and a native named Dick.

There are now 5000 Jewish families engaged in farming in the United States. They are said to be prospering. It is safe to say that they are. Whatever business the Jew undertakes, he studies.

## Items From Our Exchanges

Annette Lober, a pretty woman was arrested in Seattle a few days ago at the request of police officials of Chicago. The woman is wanted on the charge of selling stock to men in Chicago in a fictitious Alaskan mine. The mine is called the Kuperhoff copper & Smelting Co., and is located near Wrangell. Her three victims were Gustave Sturm, William Haag, and George Bauer. Sturm passed over \$7,700 to the woman and was promised that he would be made foreman of the mine at the end of three months. Mrs. Lober only succeeded in getting \$100 out of other two. The woman, who is attractive, used her wiles on the men and apparently made them all fall in love with her. The lady is a widow, and her husband was at one time president of the company in which she was selling the stock.

When in Ketchikan spend an evening at the "The Dream," the house that sets the PACE. All others try to copy.

Good Smoke  
Get your TOBACCO at  
FOLLANSBEE'S

The Crantara.  
Crantara was a military signal employed by the Scottish highland chiefs. It was a fire brand or wooden cross, which after being dipped in the blood of a goat was sent by a swift footed herald, who delivered it without a word save the name of the place of rendezvous. The fleetest runner of that hamlet was instantly dispatched with the signal to the next, whence it was borne to a third, and so on until every village within the chief's domain had received the summons. It was last circulated in 1745.
